

MEMO FOR RECORD

1 April 1977

1. In separate sessions with the two NCOs I discussed the allegations made by Amn Ruiz. Both claimed that they had not acted as described by Amn Ruiz. In the first instance, the NCO stated he was invited into the dormitory by Amn Ruiz. In the second instance, the other NCO stated that he did proposition her, but had not in any way used his rank to gain acceptance.

2. I strongly advised both NCOs not to pursue or attempt to clarify this matter further with Amn Ruiz since any confrontation with her would probably be to their detriment. Additionally, I also advised them that it would not be to their benefit to continue to be sexually interested in her. That is, they could easily be involved in an embarrassing, if not legal, situation. Both NCOs agreed that it would be in their best interest to follow my advice.
